Area of Interest

My areas of interest are Full Stack Web Development, AI, Gameplay Programming, Data Modelling, Solution Architecture and Game Designing. I like solving challenging tasks and automating processes.

Achievements

Successfully Deployed 2 Open-Source Projects:

1. *Restgoose* – An Out-Of-Box REST NodeJS Server generator built on top of Mongoose, Express, JWT, Grunt and many more. <https://www.npmjs.com/package/generator-restgoose>
2. *Unity Utility Library* – A custom built plugin for Unity Game Engine for rapid game prototyping. Features include Finite State Machine, Event Messaging, Generic Singleton, etc. https://www.bitbucket.org/skipbits/_unity
3. *Spacejoy* - My current Company got funded by Accel Venture(one of the top most VC firms) for our proprietary 3D ecosystem software that I wrote from scratch.

Certification & Training

1. SRMU, 2012: MTA - Microsoft Certification with 90%+ Score.
2. IETE, Kolkata, 2010: ASP.NET Training (HP Partnership).

Co-curricular Activities

1. MCA Mini Project – A 3D FPS Game with dynamic content generation and Adaptive AI.
2. Attended various workshops in .NET throughout 2009 – 2011
3. Attended workshop in AI Robotics in SRMU 2012
4. Open Source Project Initiator and Contributor (Codeplex, Github, GoogleCode)

Extra-curricular Activities & Awards

1. Cultural Committee Moderator - TICT, Kolkata, 2008 – 2011

2. Performed Dance, Singing and Guitar playing onstage in College Farewell and Fresher Events
3. Won Gold Medal in Karate in National Sports Meet (KV) 2008 @ Delhi
